INGREDIENT HIGHLIGHTS

CAMELLIA SINENSIS LEAF EXTRACT

Derived from the leaves of the Camellia sinensis (green tea) plant, this herbal extract contains tea catechins, powerful antioxidants that combat free radical damage while leaving skin feeling refreshed and revitalized.

TEA TREE OIL

Derived from the leaves of the Australian tea tree (*Melaleuca alternifolia*), this essential oil and natural antiseptic promotes healthy skin with its sanitizing properties.

LAURUS NOBILIS LEAF EXTRACT

This botanical extract has aromatic, astringent, cleansing, and skin-soothing properties.

ROSEMARY LEAF EXTRACT

This antioxidant-rich herbal extract has protective and skin-toning properties. It also stimulates skin to support elasticity, making skin look firmer and more supple.

FAQs

Q: Is ethyl alcohol an effective cleansing agent?

A: Yes, 70% ethyl alcohol provides proven antiseptic ability and is considered generally superior to isopropyl alcohol. According to the Centers for Disease Control and Prevention (CDC), to be effective, alcohol-based sanitizers must contain at least 60% alcohol—ours provides extra protection with 70% ethyl alcohol.

Q: How is this new formula different from the original KanDesn® Hand Cleansing Gel?

A: While KanDesn® Hand Cleansing Gel 70% Alcohol contains basically the same safe, effective ingredients as our original hand cleansing gel, this new formula has a higher percentage of ethyl alcohol. Use it as needed between hand washings to keep your hands clean and safe.

Q: Won't the alcohol dry out my skin?

A: Not in our gentle yet effective formula! KanDesn® Hand Cleansing Gel 70% Alcohol is fortified with skin-soothing Camellia sinensis leaf, tea tree oil, rosemary leaf, and other natural skin conditioners to keep your hands feeling soft and smooth, even after frequent use.

HOW TO USE

Apply a small amount to hands and rub in evenly.
